

Hi I am working on behalf of North Norfolk District Council, conducting some research to develop Stalham Sports Centre. We have produced an online survey to gather people's feedback about the Centre currently and also to see what sort of activities that they would like to see offered at the Centre in the future. This is the link to the survey:

<https://www.surveymonkey.com/s/NNDCStalhamSports>

If you could share this and help us to get as many responses as possible, I would be very grateful.
